Hakkımızda

Solinox chimney systems was established in 2001. Quality, teamwork, given warranty and our growing references in the last years led us to focus on the new investments and work on the corporate identity. Our goal is make a non-stop effort to reach the highest levels of quality with the use of new technologies, and along with this establishing a fast, strong and innovative sales network. And this, in the mean of commercial and industrial, will create new chances for both of our company customers and employers. Our priority is to supply products manufactured with the same technologies which are used in all around the world and offer it to our customers and to the benefit of this sector. Solinox Chimney Systems aspire at continuous improvement in the sectors of natural gas & ventilation in Turkey, enhancing the living standards in
