Hakkımızda

About Us

Our company, which started its commercial life in 1993, has carried out the authorized dealership and service of various machines used in the shoe industry until 2012. Since 2012, it has entered the manufacturing sector with a rotary head cutting press, and then has added the machines with different features used in shoe manufacturing to its product range and carries out the necessary R & D studies for the sector. Our necessary research and investments continue. - Energy saving, occupational safety, worker health and respect for the environment are the basic principles of our company.
