Hakkımızda

Thanks to our deep-rooted vision that we have maintained for years so that you can look to the future with confidence, unlike all our stakeholders, we serve as a leading company that is sensitive to environmental and climatic conditions, focuses on customer satisfaction, and does not break communication not only during the project phase but also after it. NetiS Yapı Planning has been the first address of safe houses and residential areas that you will admire for years. We want Konya to be a dream city for you, and to start your day in the peaceful homes you dream of and then close your eyes. Because you deserve it! Get one step closer to your dreams with NetiS Building Planning!
