About Us

Founded by Halit Özden in 1978, Özden Otomotiv specializes in manufacturing hydraulic brake systems, brake master cylinders, wheel cylinders, shifting cylinders, and both bottom and upper clutch cylinders. In addition, the company produces repair kits for a wide range of vehicles, including highway vehicles, trucks, trailers, forklifts, heavy equipment, and agricultural machinery. With decades of experience, Özden Otomotiv has established itself as a trusted name in the automotive industry for high-quality and reliable components.
