Hakkımızda

Özkismet Oto responds to customer needs in the automobile industry with its professional staff and wide service network. With its long years of experience in the sector and 100% customer satisfaction, it has become one of the well-established organizations sought in almost every field of the sector today. The wide range of automobile parts and repair services within its service areas, the unlimited trust it offers in matters that require trust, such as damaged automobile purchase and sale and insurance services, have emerged as the main elements reflecting Özkismet Oto's service approach
