## About Us

Pakpen Plastic Pipes and Building Components Industry and Trade Inc. began its manufacturing journey in 1989 with the establishment of a profile factory on a 30,000 square meter area in Konya. From its early years, Pakpen has adopted a production approach centered on quality, sustainability, and technological advancement. Through continuous investments and steady growth, the company has become one of the leading brands in the construction industry, recognized both domestically and internationally as a reliable manufacturer.
