About Us

Prodi Foreign Trade Co. is founded in 2014, but our existence especially in feed additives sector is essential since 2005. We are especially focusing on exporting feed additives like premix for poultry and ruminant, concentrates, enzymes, growth promoters, toxin binders, encapsulated products (Urea, Choline Chlorite, DL-Methionine, L-Lysine), coated urea, yeast, flavors like vanilla aroma, anticoccidials, and organic minerals. At second stage we can offer our consultancy with regards to import from Turkey. Under Prodi supervision many feed mills started operation especially in Uzbekistan. Besides Prodi Foreign Trade Co. helps its clients finding and importing some precious goods like quality silos, equipment for poultry and ruminant, generators etc.
