About Us

Hanmak Makina San., which we have been carrying out with the knowledge and experience in the manufacturing industry since 1992. ve Tic. Lt. Sti. To bring innovative products to the Turkish construction sector, to eliminate the disadvantages of traditional hinged doors, to turn sliding doors into a different product, with the brand Raildoor – Rail Door Systems, which it has created with the experience it has gained and the sales and marketing experience of ABSYAPI, the company that offers innovative structural solutions in Turkey. It started with the idea that the project, in which it was used, was very original and different, aiming to increase the quality of life and comfort of the area and the people living in it.
