

Hakkımızda

Founded in 2000, Sefa Asansor Tic. Ltd. Sti. specializes in the production of elevator car and cabin panels. With over 15 years of experience in the sector, the company continues to offer high-quality and cost-effective products under the SEFAX brand from its 900m² facility. In the competitive landscape of the business world, simply offering quality products is not enough. A conscious target audience's expectations must also be met. Having added value through its long-standing services in the elevator industry, Sefa Asansor began serving its customers in 2004 under the name Sefa Asansor.
