About Us

With its company established in Konya Meram in 1989, it has become one of the leading voices of its sector by producing 95 million eggs annually. Seltav egg increased its egg production capacity by putting its second production facility into operation in Konya Meram in 2009. In 2010, the integrated facilities were completely renewed and the production quality and capacity were further increased. As of 2018, with the revision of the management staff, it continues to serve our country with its stronger, dynamic and innovative staff. Today, Seltav Egg is the highest quality egg producer in Konya with its professional staff of 90 people.
