ABOUT US

The company, which has been established by business people in the trade since 1954, produces and markets aluminum injection molding automotive parts, agricultural machine parts, furniture parts, machine parts, , lighting parts and other injection molded parts. Sözen Metal's vision is to provide added value to its customers and employees, to be aware of social responsibility, especially with its R&D and innovation-oriented expert and young staff, and is taking firm steps towards becoming the first institution that will come to mind in the sector.
