About Us

Our company stepped into the sector in 2013 under the name of Stof Elevator, using its experience and knowledge from the past. With its young, dynamic and experienced staff, it maintains its role as a dealer company with the references of many reliable brands in the field of elevator production and sales.
Our company, which continues its activities on an area of 7,000 square meters in Konya Organized Industrial Zone, always prioritizes customer satisfaction. In addition to the production of elevator systems within our structure, our R&D studies continue in order to provide benefit to the sector.
Our company has made a name for itself in the national and international market in the field of complete elevator systems
