About Us

Our company was established in 1994 in Konya Anatolian Industry, in an area of 300 m2; Mat started its production life with the production of irrigation hose. Between 1997 and 2008, it continued production in Konya Büsan Organized Industry by adding new products to its structure. We are planning to continue our goals in our new facility, which we moved as of December 2008, located in Konya 2nd Organized Industrial Zone, which is established on a total area of 12000 m2, 7000 m2 of which is closed.In our factory, PN6 and PN10 underground and above-ground PE coil irrigation pipes, perforated and non-perforated drip irrigation pipes, Drip Irrigation fittings and Granular PVC raw materials are produced.In the continuously developing and growing Drip Irrigation and Technical Irrigation sector; We provide services to many regions
