Hakkımızda

Muammer Geçgel, one of the founders of Geçgel Makine, which was established in Konya to manufacture machine tools in 1981. Founded "Turbotek Automotive company in 2012". Since the day it was inaugurated, it has become one of the leading companies in its sector by increasing quality with the necessary investments and right choices. With its R&D structure and engineering studies, it operates to reach the highest level in brake equipment of commercial vehicles. Our company which exports 60% of its products to more than 65 countries, mainly OEM and OES companies, strengthens its place in the sector day by day with its wide marketing network and aims to become one of the leading companies in the world in suspension systems and brake equipment.
