### About Us

VOYAGER SHOES started shoe production in 1991 under the leadership of Erdoğan Sürer. Since the day it started, it is our motto to address the comfort of our esteemed customers. The main purpose of our company is to see everyone's comfort in their feet. 'Voyager Shoes', which aims to provide the best service to its customers, emphasizes that the shoe is more than an accessory by interpreting the brand trends that lead the sector with its modern and dynamic designs in the style of everyday shoes. Our company started this journey with 'Pepita' brand at the beginning of its establishment and took its place as 'Voyager' brand in the world market. We continue to make a difference by targeting customers' happiness at every stage from product variety to after-sales services over the internet as well as stores and dealers in Turkey and abroad with
