About Us

Our company, which has been serving as a subsidiary of BACAMAK Metal Chimney Machinery Engineering Industry since the 2000s, continues its way in the Ventilation and Chimney sector as MEKALP Chimney and Ventilation Systems in 2016. Our company, with its leading institutional infrastructure in quality and experience, and its professional team, has adopted the principle of providing continuous benefit to the country's economy by planning its future with the experiences gained from the past in these days when 100% Domestic Production is targeted in our country.
