### About Us

Yavuzsan Otomotive is a manufacturer and exporter company was founded in 1976 and has been producing brake discs and drums for many years. We have nearly 1000 types and 28000 applications for light commercial and passenger cars. Besides, we are continuously working on increasing our product range and offering better quality products and services. By combining expertise and a unique know-how, Yavuzsan is able to ensure a significant production capacity and offer high quality personalised solutions with an excellent time to market. The Company sees the development of innovative configurations as a powerful competitive driver which derives its strength from the synergy between the specialist skills of the production department and the know-how of the R&D division: once the product specifications have been defined, a
