Hakkımızda

Our company was founded in 1974 in Konya by Ali İhsan and Mehmet Ramazan Yekebaş. Yekebaş Ambalaj is a LEADER company in the packaging industry with its experience. Our company works according to the principles of Innovative, Quality and Customer Satisfaction. Our company serves you, our valued customers, with high quality, reasonable prices and abundant variety depending on the ever-growing market demand. Yekebaş Packaging; As a constantly developing and growing company, it continues to be the leading company in the packaging sector by producing high quality, durable and high performance packaging machines. By means of our in-house recycling section we are reducing the consumption of virgin grade materials. This enables us more efficient and the best sustainable production process. We are proud to say
