Hakkımızda

Yeni Özkaptan which started its business in a small-scale commercial facility with an area of 40 m² located in Konya Motor Vehicles Industrial Area, has grown in line with its targets and now operates in 2000 m² storage space and 1000 m² production area. Our company manufactures and supplies spare parts suitable for Iveco and Renault heavy vehicles. Our company is taking firm steps forward for the future by increasing our production capacity with new machinery and equipment investments and by following the technology with each passing day.

Our priority in the production phase is to produce quality and safe spare parts in the direction of the demands of our customers and also to serve our customers. We aim at customer satisfaction with the measurements and final controls
