

Hakkımızda

YIGITLER AUTOMOTIVE; It operates in the automotive spare parts manufacturing sector. Established in 1987, our company has reached the present day with its continuous growth momentum and determination. Truck spare parts that we manufacture are marketed all over our country. It has been successfully serving its customers with automotive spare parts products that we have produced since our establishment. Our company, which operates in Anadolu Industrial Site in Konya, supports production with engineering systems such as CAD-CAM and MRP II at its mold workshop, heat treatment workshop, machining workshop, quality control and test stations in its production facilities. It has developed a homogeneous quality control approach by giving importance to quality at every stage of production and is proud of
