About Us

Founded in Konya, Yörtek specializes in the production of exhaust brake throttles, exhaust brake cylinders, EGR valves, and steering joints for the automotive and industrial sectors as a local manufacturer. Producing to high-quality standards, Yörtek combines technology and engineering to deliver durable and proven-performance products. Each product is manufactured using modern equipment and undergoes meticulous quality control processes. With a strong focus on customer satisfaction, our company continues to strengthen its position in the industry as a reliable partner in local manufacturing, thanks to its innovative approach and robust technical infrastructure..
