About Us

YZR GLOBAL is the foreign trade partner of The YAZAR Group Company, which operates intending to become one of Türkiye's established energy plant installation companies. YAZAR Group Company is taking firm steps towards achieving the firsts in this field by establishing local biomass plants in Ankara - Türkiye. Additionally, the importance of sharing the knowledge and experience acquired in the global market and gaining a place in the global arena has formed the basis of our company's step into international trade with new projects in this regard.
